

Dear Pell Recipient:

As an IRSC student and Federal Pell recipient, you have been identified as a possible candidate to receive assistance for tuition and textbooks for the Fall term through CareerSource Research Coast (CSRS).

CareerSource Research Coast has representatives on all IRSC campuses from 10am – 2pm on specific days per location who can assist you through the application process. The benefits of meeting with a Career Planner and submitting an application for consideration include:

- There is no reduction in your Pell award if you qualify for CSRS assistance
- CSRS can pay for tuition and textbook expenses
- If fully CSRS eligible, Pell award can be used for other expenses such as childcare, transportation, or housing, as needed.

A flyer with additional details is attached for your convenience. If the designated days and times do not meet your scheduling needs, you can receive services at any of the CSRS locations throughout our four-county service district – listed at the end of this email. This email communication will serve as an IRSC student referral exempting you from certain steps in the application process. You will be directed right to a Career Planner if you visit one of their site locations. **You must print out and take this email with you to expedite the process!**

We hope this information proves beneficial but need to also make you aware of some minor limitations. The programs not funded by CSRS include Associate in Arts degrees, several AS/AAS degrees, and some clock-hour Career Training Programs.

Please contact the IRSC Information Call Center to determine if the program in which you are enrolled qualifies for assistance, or for any other questions you may have about this new resource being provided to our eligible students. Call 1-866-792-4772 or 772-462-4772.

Wishing you much success and support this Fall semester!

Sincerely,

Mary Lewis  
IRSC Director of Financial Aid
